

Planning with Inspiration

Group Project Self Assessment

Name: _____ Teacher: _____

Date: _____ Title of Work: _____

Criteria	4	3	2	1	Points
Plan Development	Our plan was fully developed and complete. Our entire project is organized and ready to create with this plan.	We have a good web of ideas put together in a logical manner. It contains enough information for us to develop our project, but we will need to add details as we go.	We have a general outline for the project. It does not contain enough information for us to complete our project and we will have to make more plans later.	We were unable to complete assignment due to lack of understanding or poor use of time.	_____
Time Management	It's done! We worked well together and created a plan we are very proud of. We made good use of our time and resources.	We did a decent job. We generally used our time wisely but struggled with what we were being asked. Perhaps we ran out of time.	We ran out of time because we spent too much time talking rather than working. We need help with the Inspiration software.	We didn't do a thing. We didn't understand so we didn't get anything done.	_____
Communication and Sharing	I gave ideas in most facets of the project. I listened to the others and we made decisions based on everyone's input. We kept the teacher informed of our progress and asked questions when we needed help.	I discussed ideas with my partners and the teacher at times. I had other ideas but was didn't participate fully. Our final decisions didn't always include everyone's ideas.	I shared some ideas with my partners but I didn't spend a lot of time listening to the others' ideas. The plan was mostly put together by one or two people in the group. We didn't check with our teacher about our work very often.	We communicated alright! I spent more time talking about any topic other than this project. We didn't share our ideas and the plan doesn't include ideas from us all. We didn't talk to our teacher about our project.	_____
